Student Council, as the link between students and faculty, served as a sounding board for gripes and requests. It also organized assemblies and Homecoming, sponsored an orphan in Hong Kong, and passed charters and some new by-laws.

"I second the motion!" Mark Stuhlfaut, S.C. president.

DECA Managed Student Store

Distributive Education Club of America was brought to W.H.S. this year by Mr. Mann. The program prepared students for sales positions after graduation and also helped them find part time employment while in high school. Since it is a national organization, members participated in state leadership conventions, sales demonstrations, selling contests, and took over management of the student store.

DECA members were regular customers at Student Store.
