Individuals Shine In Track and Golf

Before all the snow melted, the potential track team had started to pound the halls in an attempt to get into shape. By the time all the snow had melted, much of the potential had also.

The void was admirably filled by the remaining squad but with little success in the win column. The hard work was made easier by lots of fun. Only two records were broken, the two mile relay and the up-chuck; but the team and the coaches made it a memorable ten weeks.

Coach Bittle directed the golf team to another fine year on the tour. Scott "Jack Nicklaus" Weiss led the team along with other Seniors, Don Henry and Bob Steacie.

The Wayzata pros played on the local links of Wayzata Country Club and Elm Creek. With almost all of the squad wiped out by graduation, it is hoped the new sophomores can pick up the slack.
